

About the VHS Digital Flag

The size of the flag is based on the Australian flag dimensions.

The red and blue colors are shared with the United States flag.
The rising sun is canary yellow.

Pantone Blue 288C Red 193C Yellow 387C

The flag was designed in the Centenary of Canberra, Australia.

The 13 stripes (or blinds) represent 2013.

The 5 pointed star represents a growing family. One child for Mom, one for Dad and one for the country in addition to matching the 5 pointed stars on the United States flag.

The 13 stripes plus 5 pointed star equals 18 markers. 8 is the * symbol on the keyboard as well as the symbol for infinity.

The horizon (white line) between red and blue is to prevent a war between two parties which is acknowledged both today and throughout human history.

The VHS Digital Flag was designed as a symbol of peace and defence of humanitarian values for world wide web world citizens.

The VHS Digital Flag flies for the Digital Millennium Copyright Act, 1998.
